

NomNom 3.1.0.16-alpha.16 Crash Report

Windows Version

Microsoft Windows 10 Home 64-bit (Build 19042)

.NET Framework Version

4.8

Path

Save

Output

C:\Users\admin\Desktop\NomNom.zip-1566-3-1-0-16-alpha-16-1624725256 (1)

Game Platform

Steam

Exception

Type

System.Windows.Markup.XamlParseException

Message

The invocation of the constructor on type 'NomNom.ViewModel.MainViewModel' that matches the specified binding constraints threw an exception.

Source

PresentationFramework

Stack Trace

```
at System.Windows.Markup.XamlReader.RewrapException(Exception e, IXamlLineInfo lineInfo, Uri baseUri)
at System.Windows.Markup.WpfXamlLoader.Load(XamlReader xamlReader, IXamlObjectWriterFactory writerFactory, Boolean skipJournaledProperties, Object rootObject, XamlObjectWriterSettings settings, Uri baseUri)
at System.Windows.Markup.WpfXamlLoader.LoadBaml(XamlReader xamlReader, Boolean skipJournaledProperties, Object rootObject, XamlAccessLevel accessLevel, Uri baseUri)
at System.Windows.Markup.XamlReader.LoadBaml(Stream stream, ParserContext parserContext, Object parent, Boolean closeStream)
at System.Windows.Application.LoadBamlStreamWithSyncInfo(Stream stream, ParserContext pc)
at System.Windows.Application.DoStartup()
at System.Windows.Application.<.ctor>b__1_0(Object unused)
at System.Windows.Threading.ExceptionWrapper.InternalRealCall(Delegate callback, Object args, Int32 numArgs)
at System.Windows.Threading.ExceptionWrapper.TryCatchWhen(Object source, Delegate callback, Object args, Int32 numArgs, Delegate catchHandler)
```

InnerException

Type

System.ArgumentException

Message

Offset and length were out of bounds for the array or count is greater than the number of elements from index to the end of the source collection.
